Chelsea Heights Primary School invites you to participate in...

**Multicultural Mosaics – March 2015**

This semester each class will make a mosaic paver for our sensory garden.

Please send along old plates, tiles or trinkets that could be laid into your class paver. Can you find something that represents your cultural heritage?

Our pavers will be made when all materials have been collected in each classroom. Would you like to assist with the class project? Please talk to your child’s teacher.

For further information please contact Jenny Stokes R16 or Kim Milana R2
