- Fri 26th June—Fun Food Day
- Fri 26th June - Last day of Term 2
  2:30pm dismissal
- Mon 13th July - First day of Term 3

**Numeracy**
Our students have made wonderful progress with their addition and subtraction strategies over the past month and are all demonstrating a deeper understanding of addition and subtraction concepts. We will finish this term with a unit on Location and Mapping.

**Literacy**
Science has provided us with some great writing opportunities. We have explored explanations, procedures and expositions since the beginning of this term and have seen lots of improvement across the board.

**Inquiry Topic**
Our Middle School Science Bonanza was a roaring success! Our students participated in ten experiments over two days and made all sorts of weird and wonderful things.

We were absolutely blown away by the masses of parent support we received and can not thank you all enough!

**Swimming**
Approximately 80 of our Level 3 and 4 students have participated in an eight day swimming programme at Toby Haenane Swim School. They were all extremely responsible walking to and from the pool and were organised most of the time. The highlight was definitely the icy-pole at the end which was definitely well deserved.

Thank you to all the parents who came to help with swimming caps and getting changed. You all helped the programme run a lot smoother.

Michaela Jeanes, Amanda Johannsen, Kim Milana, Paul Duncan and Paula Baker
