Level 5 Camp

Monday of week 7 saw the brave Level 5s depart school, bound for Camp Coolamatong. After an exciting 3 and a half hour bus trip all students were chomping at the bit, ready to get into the week’s activities. The focus for the camp was leadership, preparing our Level 5 students for their upcoming school leadership journey. Students participated in a range of outdoor activities like, rock climbing, abseiling, mountain bike riding, canoeing, archery, geo-caching and survivor initiative games. The activities allowed the students to challenge their comfort zones as well as providing opportunities for them to demonstrate leadership amongst the group. All students should be congratulated for their exemplary behaviour throughout the entire week. A huge thank you to Miss Lauren Howlett for volunteering to come to camp and Mr Horn and Mrs McDonald for their time and effort throughout the week.

Level 6 Camp

On the 27th of May the students of Level 6 travelled to Trafalgar East to visit The Summit camp. The students stayed in permanently set-up tents and participated in a range of activities, each of them helping to develop skills and values to apply to life outside of the classroom.

The activities included:

- The Giant Swing
- Scavenger Hunt
- The Monster Course
- Tash’s Ladder
- Snake and Nails
- Snowy River Challenge
- The Flying Fox
- Inflatable City
- Half Pipe
- The Disk Challenge
- Rock Climbing
- The Bush Challenge
- The Night Walk

There were also some small games the students played in between the activities such as:

- Pirates
- Jockey Up
- Cards
- Finger Fencing
- Look Up, Look Down
- Jump In, Jump Out

The many activities pushed students to step into the unknown but at the same time got students to show support for the others around them. The Level 6 students also learnt how to put on a harness securely and check if it was safe to use. All the students had a great time at The Summit camp and learnt important values to apply to life at school. The students returned to school on the 29th with new skills to use at school in the classroom.
